

2010 Lancer Evolution

THE ELEMENTS OF SPEED REFINED

"It flat spanked the \$85,000
Porsche and walked
all over the little Lotus."
Edmunds' Inside Line

Imagine 291 horses of raw power at your disposal. Add to that the best of Mitsubishi's engineering and technological know how, plus a host of competition proven performance parts, and what you've got is an unparalleled driving experience that makes the Lancer Evolution different for a reason.

Why it's different for a reason

THE 2010 MITSUBISHI LANCER EVOLUTION

The Lancer Evolution has always been about pure performance. Starting with its 2.0-liter, 291-hp turbo MIVEC engine, we added Super All-Wheel Control to give you the ultimate handling, Brembo® brakes to give you the confidence to let go and drive and Recaro® seats to complete the experience. For 2010, the new MR Touring adds a higher level of refinement without sacrificing the legendary essence of Lancer Evolution.

Disclaimers			

1 EPA Estimates are to be used as a standardized comparison with other vehicles. Your actual mileage will vary depending on how you drive and maintain your vehicle. **2** Airbags are part of a Supplemental Restraint System (SRS). To decrease the risk of injury from a deploying airbag, all occupants must be properly restrained and seated well back, upright and in the middle of the seat. Do not lean against the door. Always place children 12 and under in the rear seat and use appropriate child restraints. Never place a rear-facing infant restraint in the front seat. See your owner's manual and instructions provided with your child restraint for more information.
